Chairman Comments:

- Rick Taylor discussed the momentum of the Parks & Rec Board and how they should define the purpose of the board.
- It was suggested that Kate Munzinger and Rick should meet with Supervisor Smith to discuss what he would like the Parks & Rec Board to concentrate on in the future.

Recreation Update:

- Jessie reported on the summer programs running successfully and the events the recreation staff has been working on. This includes the outdoor movies, the concerts for kids and the Friday night concerts. The Pittsford Food Truck & Music Fest is coming up in September.

Comments:

- Jessie Hollenbeck mentioned the Erie Canal Park project as an interest for the board to look into.
- Ron Anderson stated that a tour of all the parks would be beneficial to the board. That way they will know where the parks are located and what amenities each park has.
- There was discussion on the scheduling of our meetings. Possibly omitting meetings in July, August and December. There was no definite decision.
- The board then went to the new Community Center for a tour of the building and the outdoor landscaping & new playground.

Ron Anderson made a motion to close the meeting. Rick Taylor seconded the motion, which passed following a unanimous voice vote. The meeting closed at 7:45 pm.

Respectfully submitted,
